

UK Data Archive SN 6849 / SN 7083 - Understanding Society: Innovation Panel Waves 1-13: Special Licence Variables

Date: 30 September 2021

This document identifies the variables that are present in the Special Licence (SN 7083) version but not in the End User Licence (EUL) (SN 6849) version of all waves of the Innovation Panel.

The following tables are organised by files within waves. Files where there is no difference between the versions are not shown.

The variables excluded from the EUL version include: month of birth, full SOC and SIC codes, county of birth, rare country of birth/nationality occurrences. Data users should also note that in some variables are top-coded for the EUL release.
